DETAILED ACTION

1. The amendment filed 12/27/2002 and the arguments presented therewith have been carefully considered. The arguments on the prior art are deemed to be persuasive. However, the claims 1-4 remain rejected under Claim Rejection 35 USC 112. A non-final office action follows as below.

Drawings

2. The corrected or substitute drawings were received on 12/27/2002. These drawings are approved.
3. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: "face". A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The exact meaning of the phrase "*a face and a protrusion, said protrusion being at least one member selected from the group consisting of a landing floor mechanism, a landing floor sill, and a building structure*" (claim 1, lines 3-5) is not clearly understood. It is confusing

Art Unit: 3652

as to how the "protrusion" includes "a door floor sill" and "a landing floor door mechanism." Figure 2 clearly shows that either the "door floor sill" or the "landing floor door mechanism" does not project from the face. Moreover, it is not clearly understood the claimed language of "face" as to whether the applicant is claiming the upper right surface of the hoist way (as shown in figure 2) or both of the lower and upper surfaces of the right portion of the hoist way (as shown in figure 2).

Allowable Subject Matter

6. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

7. Claims 2-4 also would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
